**PROGRESS MONITORING ON THE CRAFTING OF THE SCHOOL
IMPROVEMENT PLAN (SIP) 2025-2028**

1. In line with DepEd Order No. 44, s. 2015 titled “Guidelines on the Enhanced School Improvement Planning Process and the School Report Card”, and in pursuit of our division’s commitment to quality education through strategic and participatory planning, all schools are hereby directed to fast-track the completion of their School Improvement Plan (SIP) for SY 2025–2028. The final SIP document must be ready for submission by October 2025.
2. To monitor progress, all schools must accomplish the SIP Progress Monitoring Tool via this link: **<https://tinyurl.com/Monitoring-SIP-2025-2028>**
3. Schools that have already submitted their initial responses are required to update their progress as of the date of this memorandum. Deadline for submission of initial or updated responses to the monitoring tool is on or before September 19, 2025.
4. School Heads shall ensure that their respective SIP Planning Teams complete the monitoring tool accurately and on time. PSDSs/DICs are directed to closely assist, monitor, and validate the responses of schools under their supervision.
5. Districts with less than 50% completion rate as of the monitoring deadline are required to submit a written explanation justifying the low progress status. This shall be addressed to the Office of the Schools Division Superintendent through the SGOD.
6. Attached herewith are the district-level status tracking of SIP submissions for your reference and action.
