No. 492, s. 2023

**STEM UP TO STEP UP: BOOSTING LEARNERS' GROWTH MINDSET AND
EMPLOYABILITY SKILLS THROUGH INTEGRATED STEM EDUCATION
TRAINING WORKSHOP OF THE ALTERNATIVE LEARNING SYSTEM (ALS)
TEACHERS**

To: Chief Education Supervisor-CID
Education Program Supervisor/ALS Focal
Public Schools District Supervisors/In-charge
ALS Teachers
All others concerned

1. The STEM UP to STEP UP program endeavors to elevate the employability skills of Alternative Learning System (ALS) learners while nurturing a growth mindset. The imperative for this initiative stems from the escalating demand for STEM competencies in today's dynamic job landscape. ALS learners often grapple with resource constraints, heightening the significance of quality education to bridge skill gaps and bolster competitiveness. Equally pivotal is instilling a growth mindset, empowering learners to view challenges and setbacks as stepping stones to personal growth. Infusing STEM concepts into teaching methodologies amplifies problem-solving, critical thinking, and digital literacy skills. Moreover, by honing the skills of ALS teachers through specialized training, we fortify their capacity to facilitate learner success. This comprehensive program responds to critical needs by cultivating skills and a mindset essential for future triumphs.
2. The primary objectives of this training workshop are as follows:
 - a) Enhance the pedagogical skills of 83 ALS teachers in Mathematics and Science, focusing on integrating socio-emotional learning into their lessons.
 - b) Foster a growth mindset and bolster work readiness among ALS learners under the Department of Education's (DepEd) jurisdiction.
 - c) Equip ALS teachers with the tools to help learners overcome disadvantages by integrating socio-emotional learning (SEL) and Science, Technology, Engineering, and Mathematics (STEM) principles into identified sections of the revamped ALS curriculum.
3. The training workshop is scheduled from October 6 to 8, 2023. The venue will be determined and communicated accordingly. Participation in this workshop is mandatory for the 83 ALS Teachers in the Schools Division of Surigao del Sur.
